2- Object / Purpose

Helibras' Shipping Policy for Production & MRO Material and Spare parts defines the requirements that suppliers must follow in order to ship materials to Helibras. Supplier's non-compliance with this policy may result in materials and shipments blocked by Brazilian customs, loss of import privileges and fines or penalties to Helibras that will be charged to the supplier. Besides that, Helibras On Time Delivery (OTD) targets will be affected.

For purposes of this policy, Material(s) shall mean any and all products, goods, item, piece parts, components, technical publications and spare parts to be delivered to Helibras.

For special customs arrangements such as temporary admission and return of temporary export, follow specific shipping instruction.

3- Commercial Invoice Instructions

Prior to the export of any Material, send a copy of the Original Commercial Invoice signed **IN BLUE INK** to the purchasing agent and list.procurement.hb@helibras.com.br, regardless of the incoterm (pre paid or collect), and wait for Helibras green light.

That electronic invoice copy will allow Helibras to expedite the import process.

Once Supplier receives Helibras Green light, a set of the original invoice signed in blue ink and packing list must be attached **outside** of the parcel or volume.
